

BI-FOLD | PATIO DOORS

AG Millworks
SINCE 1986

THE AG BI-FOLD ADVANTAGE

HIGHEST QUALITY

Precision fit, cutting edge design, and high quality materials are what make our handcrafted doors better than the rest.

CUSTOM SIZES WITHOUT UPCHARGES

Door systems are made to order. Odd or custom sizes will not add extra costs or delay lead times.

JOB-SITE DELIVERY*

For a nominal charge we will deliver your systems directly to the job-site, eliminating the need for extra handling.

PRE-DRILLED INSTALLATION HOLES

All header installation holes are pre-drilled and fastening hardware is included.

TITLE 24 PRESCRIPTIVE COMPLIANT

Energy Solutions Euro Clad Bi-Fold is NFRC certified, with a .30 U-factor using standard glass.

SUPERIOR STRENGTH

All door systems have 3/16" thick skins. No veneers.

FASTEST LEAD TIMES

We have the fastest lead times in the industry, so your doors will arrive in record time.

PRE-BUILT FRAMES*

We deliver door system frames fully assembled to save time, space, and money.

BIGGEST IN THE BUSINESS

Big Daylight panel sizes up to 4' wide and 13' tall. Big Daylight Bi-Folds are not NFRC rated.

WE HANG & SWING EVERY DOOR

All units are built, hung, and swung in the factory to ensure the frame, panels, and hardware are precise and functional.

FACTORY INSTALLED RETRACTABLE SCREENS

Your optional retractable accordion screen is factory installed and integrated into the jamb.

10-YEAR WARRANTY

10-year limited warranty on all Aluminum Clad doors with raised aluminum sill.

*Available only in California

ENERGY SOLUTIONS BI-FOLD

AG's **Energy Solutions Bi-Fold** is Title 24 prescriptive compliant and NFRC rated. With a choice of stiles and rails and 2 1/4" thick doors, this product is the ultimate solution to your prescriptive energy needs.

MAX PANEL WEIGHT

- 220 pounds

USE ANY AG BI-FOLD SILL

- Raised Aluminum Sill
- Ultra-Guide Track System
- ADA Compliant Ultra-Guide

OVERALL JAMB SIZE

- Minimum 5 5/8"
- Custom jamb sizes available

VARIOUS GLASS OPTIONS

- Energy performance depends on glass selected

agmillworks.com/energy_solutions_bi_folds

ZERO-CORNER BI-FOLDS

AG's **Zero-Corner Bi-Fold Units** can turn any dark corner into a light-filled entertainment space and provide a wide open, panoramic view with no supporting post at the corner. Shown with optional pocketing retractable screens.

WINDOW-DOOR COMBINATIONS

AG's **Window-Door Combinations** consist of bi-fold doors and bi-fold windows which connect at the center, and transform an ordinary space into an indoor-outdoor paradise. Shown with optional pocketing retractable screens.

RETRACTABLE SCREENS

AG's **Retractable Screens** keep insects out and let fresh air in, increasing energy efficiency and air circulation. They are factory installed and fully integrated into the door jamb.

PASSTHROUGH WINDOWS

AG's **Bi-Fold Windows** create a foldaway "passthrough" window which connects kitchen to patio, creating an additional dining area and enhancing your entertainment space.

ENERGY SOLUTIONS

AG'S Energy Solutions Bi-Fold Door is Title 24 prescriptive compliant and NFRC rated. With a choice of stiles and rails and 2 1/4" thick doors, this product is compatible with any AG Bi-Fold sill, has various glass options, and a U-factor as low as .27.
